

UnitFactory

```
classDiagram
    class UnitFactory
    class MagicFactory
    class PiercingFactory
    MagicFactory --|> UnitFactory
    PiercingFactory --|> UnitFactory
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'UnitFactory'. Below it are two boxes, 'MagicFactory' on the left and 'PiercingFactory' on the right. A horizontal line connects the two bottom boxes, with a vertical line extending upwards from its center to the bottom of the 'UnitFactory' box, ending in an arrowhead. This indicates that both 'MagicFactory' and 'PiercingFactory' inherit from 'UnitFactory'.
